

Partnership Inquiry Form

ECI promotes awareness and empowerment for the disabled community at the local and international level. We have the potential and desire to expand to any developing community or organization that requests our support. Our #1 mission is to Empower the Exceptional! Below is a list of the main services we provide. Please inquire if your need is not on the list, as we tailor our support and services to the needs of our partners.

- Train educators to serve and support their students with diverse learning needs in their home countries
- Offer professional development opportunities virtually and in-person for a variety of professionals who serve individuals with disabilities
- Host community events locally and abroad to raise awareness for individuals with disabilities to help their communities see their true potential
- Empower and train caregivers to support and accept their children, find necessary resources, and connect with other families who share commonalities
- Bring trained professionals with us on all partner site visits

Please tell us more about your organization and needs in the space provided below.
